THE NEWER ROSES AND ROSES OF SPECIAL MERIT.

Maman Cochet.

Tea Rose, PERLE DES JARDINS.

Without doubt the finest Rose in cultivation. Canary or golden yellow flowers and beautifully formed. Handsome in every stage of development, from the smallest bud to the open flower. Price, 6 cents each; 60 cents per dozen; \$4 per hundred.

Great Forcing Rose,**CATHERINE MERMET.**

A beautiful, clear, rich color, with the same silvery lustre seen in La France. Large, well formed. Very beautiful in bud. One of the most popular Roses for cut flowers. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

GUSTAVE NADAUD.

(Soupert & Notting.) A free branching grower, with large, double flowers. The outside petals are large and rounded, giving it an exquisite cup-shape. Color, vermillion, with clear touches of carmine-lake, and soft pink center. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Tea Rose, MISS WENN.

This charming variety is noticed at once for its exquisite color, which seems entirely distinct from almost all other Roses of our acquaintance. We can call it a clear coral-pink, a most novel and distinct shade of color very difficult to describe. The French call it China pink. It is certainly a very beautiful color, and full and exquisitely Tea scented. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Crimson Forcing Rose, METEOR.

A velvety red ever-bloomer, of the deepest glowing crimson. As fine as a Hybrid; flower of medium size, very double, and petals slightly recurving. A beautiful open Rose, a free bloomer and promising well as a pot Rose. It has no tinge of violet or purple to mar its beauty. It promises to be a reliable ever-bloomer, free from bad qualities. The best rich red Rose that was ever introduced for florists' use. The usual demand for this forcing Rose has caused us to grow them in large quantity, and we offer them in two sizes. Nice, strong two-and-a-half inch pots, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Tea Rose, MAMAN COCHET.

One of the best new Roses. The growth is vigorous, with rich, healthy foliage. The extra large flowers are produced on long stems, are very double, and the buds and half expanded flowers are simply exquisite in their graceful form, delicate color and rich fragrance. The color is deep rose-pink. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

New Tea Rose, J. B. VARRONE.

A fine grower, flowers very large and double, with high center, opening from long buds. Color a soft China rose, changing to bright, deep carmine of even shading. An extra good Rose and very sweet. Much superior to Luciole, which it greatly favors, but of a better growth and much freer in blooming qualities. A grand new Rose. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Forcing Rose, THE BRIDE.

This is decidedly the most beautiful white Tea Rose. It is a sport from Catharine Mermet, with which it is identical in growth and shape of flowers. The flowers are very large and double, on long, stiff stems, of fine texture and substance, and lasts a long time in a fresh state after being cut, making it one of the best varieties for corsage wear or bouquets. During extreme hot weather it becomes a pinkish-white, at other times a beautiful pure white. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

New Tea Rose, GEN. ROBT. E. LEE.

(Introducer's description.) This is the first Rose we have introduced, and we are sure it will please all who try it. It is in color an orange-yellow, after the color of La Capucine, only richer and better. It is a good grower, has elegant, long buds, borne on long stems, and will produce more buds than any other Rose we know of. It forces easily, being at its best in mid-Winter. There is no variety that will compare with it in all the qualities that go to make up the ideal Rose. The color is so peculiar and rich that it attracts attention wherever seen. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

The Meteor.

Mad. de Watteville. (The Tulip Rose.)

New Tea Rose,

MADAME ELI LAMBERT.

A beautiful new Tea Rose. Flowers extra large, fine globular form, very full and well built up. Color is somewhat in the way of Madame de Watteville, but deeper; rich, creamy white, faintly tinted with pale, golden yellow, and exquisitely bordered and shaded with soft, rosy flesh, exceedingly beautiful and very sweet, petals large and of good substance, constant and profuse bloomer, strong, vigorous and healthy grower—in short, a magnificent Rose in every way. Price, 50 cents per dozen; \$4.00 per hundred.

New Forcing Rose,

KAISERIN AUGUSTA VICTORIA.

This beautiful Rose has not only a royal name, but is a royal Rose as well. We have white Roses that have elegant buds, but when full blown are not all that is desired. Then again, we have white Roses that are elegant when full blown, but have poor buds. This Rose combines both these good qualities. It is a continuous bloomer, producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open. Color a pure snowy-white. Price, 6 cents each; 50 cents per dozen; \$4.00 per hundred.

The Great Tulip Rose of Europe,

**THE BEAUTIFUL
Madame de Watteville.**

This grand new ever-blooming Rose is one of the most beautiful varieties we have ever sent out, and is very largely planted by those who know its beauty. The color is a remarkable shade of creamy yellow, richly colored with rosy blush. The petals are large and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance. The flowers are large, very full, and highly perfumed. This is the Tulip Rose, so called because of the feathery shading of bright rose around the edge of every petal, the body of the petal being creamy-white and of heavy texture. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

Ever-Blooming Tea Rose,

MRS. D'GRAW.

Everybody wants a hardy, ever-blooming Rose, and we now offer the grandest of this class. From early Summer until frost it can be depended upon to produce flowers of large size and exquisite fragrance in lavish abundance. In color it is a rich, glossy-pink. It is such a strong grower that it is always impregnable against attacks of insects. For garden or cemetery it has no equal. Price, 6 cents each; 50 cents per dozen; \$3.00 per hundred.

Tea Rose,

SNOWFLAKE.

It is a lovely new white Tea; the freest flowering Rose we have ever seen. The Rose was introduced by C. Straus & Co., of Washington, D. C., and by them grown in large quantities for cut flowers; they claim it the most profitable white Rose they grow; that they had counted one hundred and fifty-three buds and flowers on one plant in a single day, and the plant less than a year old. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

The Yellow Rambler.

*The Fine New Climber,***Climbing White Pet.**

This is an unusually vigorous grower and a wonderfully profuse bloomer. It is remarkable for the rapidity of its growth and freedom of bloom. The flowers are very double and full, of medium size, pure, snowy-white, and borne in large clusters, continuously throughout the whole season. Price, 50c per dozen; \$3 per hundred.

*The New Climbing Rose,***Empress of China.**

This is a new Climbing Rose of the greatest excellence. It was brought to this country by a gentleman from China, who says of it that it commences to bloom in May, and is loaded with its elegant blooms until December. Think of it! There is no other Rose like it that will bloom for so long a time. This has been the great objection to Climbing Roses, that they bloom once and then are done. But here we have a Rose that blooms continuously for over seven months of the year. Color shell-pink. It is perfectly hardy, and is a continuous grower. Price, 50c per dozen; \$3 per hundred.

*Grand New Velvety-Red Rose,***CLIMBING METEOR.**

All who know "General Jack" will call to mind its beautiful, high colored, rich, velvety-red buds and flowers. Climbing Meteor is the acme of all red Climbing Roses. It is a free, persistent bloomer and will make a growth of from ten to fifteen feet in a season; in bloom all the time, as it is a true ever-bloomer. We do not hesitate to place it at the head of the list of all Roses for Summer blooming, as it will make a strong growth and literally loaded with its deep, rich, red flowers all the time. Its flowers are much larger than Meteor and are richer in color. It is just the Rose to train up the verandas or around windows where its great beauty will show up to good advantage. Price, 60c per dozen; \$4 per hundred.

The Yellow Rambler

(*Aglaia*)—The advent of the Yellow Rambler marks a very important epoch in the Rose world. It was originated by the prominent Rose grower, Mr. Peter Lambert, who has carefully tested it for some eight years, and first offered it to the public only this last season. Its production is a great triumph in the art of hybridizing. The Yellow Rambler has been found to successfully withstand, without protection, a continued temperature of from zero to two degrees below. The flowers are borne in immense clusters, after the same manner as the Crimson Rambler, often as many as one hundred and fifty blossoms in a bunch, and the trusses have the same handsome pyramidal shape as those of the Crimson Rambler. The color is a decided yellow. Many Roses which are described as yellow have really only a creamy tinge, but the Yellow Rambler is clear, decided yellow. The flowers are very sweet-scented; habit of growth is very vigorous, well-established plants often making shoots of from eight to ten feet in height in a single season. The plants do not bloom at quite so early an age as the Crimson Rambler, but as soon as well established, they more than make up for this by the magnificence of the flowers they produce. Price, 50c per dozen; \$3 per hundred.

White Rambler.

(*Thalia*)—Of German origin, and in habit of growth, foliage, manner of blooming, form of flowers and hardiness, it is said to be identical with Crimson Rambler, of which it is a blood relative, but that the flowers are pure snow white and sweetly scented, which the flowers of Crimson Rambler are not. The flowers "remain on the bush from three to five weeks; beautiful to behold." Price, 50 cents per dozen; \$3 per hundred.

White Rambler.

Pink Rambler.

(*Euphrosyne*)—Originated by the same gentleman who produced White Rambler, Mr. Peter Lambert, and is of the same blood. What is said of White Rambler applies equally to this, except the color of the flowers is pure shiny rose—the partially open buds being bright, light carmine, thus producing a strong and pleasing contrast. "The numerous yellow stamens lend an additional charm to the flower. In hardiness, freedom of bloom, form and color of flowers and vigorous climbing habit, this variety is fully the equal of Crimson Rambler." Price, 50c per dozen; \$4 per hundred.

NEW ROSE

Crimson Rambler.

This superb novelty is of the Polyantha class, and was originally received from Japan. The flowers are produced in great pyramidal panicles or trusses, each carrying from thirty to forty blooms, the individual flower measuring about 1 to 1½ inches in diameter and remaining perfect on the plant for upwards of two weeks with their freshness of color unimpaired. The foliage is bright green and glossy, and contrasts finely with the bright crimson of the flowers. It is said to be exceedingly hardy, having successfully withstood the test in exposed situations of two very severe Winters in England. We can recommend this novelty in the strongest manner as being a new Rose of great importance and value. Price, 50c per dozen; \$3 per hundred.

Forcing Rose BRIDESMAID.

A new Rose. A sport from that old standard, Catherine Mermet. This variety retains all the good qualities of the parent, besides adding charms not possessed by the sweet Catherine. All know that Catherine Mermet takes precedence as a pink Rose. More plants of it are cultivated by the amateur and more cut blooms are sold by the flower dealer of it than any pink Rose. Why? Because the bud is of exquisite shape and contour, so solid and firm, and the stems are so solid and stiff that no other Rose will compare with it in keeping qualities after being cut. It has, though, with all these good qualities, a serious defect, namely, 'off color.' This is more noticeable in dark, cloudy weather, but it is true of the Rose at all times. Now, this is why the Bridesmaid will supersede the Mermet. It is about two shades deeper in color, just enough to make it bright; and it is the same color all the time under every condition of weather and surroundings. Price, strong two-and-a-half inch pots, 6 cents each; 50 cents per dozen; \$3 per hundred.

NEW ROSE Henry M. Stanley.

This grand, new, ever-blooming Rose was raised from Madame Lambert and Countess Riza du Parc, and named in honor of the great African explorer, and is recommended as a charming variety of unusual beauty and permanent value. The color is a rare shade of amber rose, delicately tinged with apricot-yellow towards the center. Reverse of petals clear buff-rose. The flowers are of good substance, extra large, finely formed, and very full and fragrant. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

Crimson Rambler.

Henry M. Stanley.

MANDA'S WICHURIANA HYBRIDS

The habit of these new Roses is the same as the Rosa Wichuriana, or Memorial Rose. The growth is creeping, and therefore can be used to cover ground, stems of trees, pillars, posts, trellises, or any other purpose desired, including pot culture. They are the hardiest Roses we know of and will stand any climate or exposure, and will thrive in the poorest soil or a gravel bank.

Manda's Triumph—This grand Rose is of free growth, luxuriant foliage, and produces large clusters of double, pure white flowers, beautifully imbricated and well formed, two inches in diameter and sweetly scented. Price, 50 cents per dozen; \$3 per hundred.

Universal Favorite—(Manda.) This is the most vigorous plant of the set. The long branching shoots are covered with dense, bright green foliage. The double flowers are over two inches in diameter, and a beautiful rose color, similar to the Bridesmaid, and deliciously fragrant. A grand variety for any purpose. Price, 50c per dozen; \$3 per hundred.

South Orange Perfection—(Manda.) This is a gem, growing freely close to the ground, and having multitudes of the most perfectly formed, double flowers, about one and a half inches in diameter, soft blush-pink at the tips, changing to white. It lasts a long time in perfection. Price, 50 cents per dozen; \$3 per hundred.

Pink Roamer—(Manda.) This is without question a hybrid between the Sweetbrier, and carries these characteristics in bloom, while the growth, which is very important, and the luxurious foliage, partake more of the Wichuriana. The single flowers, which are produced in close heads, are nearly two inches in diameter, bright, rich pink, with almost a white center, which lightens up the orange-red stamens. Price, 50c per dozen; \$3 per hundred.

Leonie Osterrieth, or White Soupert.

We have given this Rose an extended trial and believe there is no better white Rose grown. The buds are of a good size, and flower full and double, and deliciously fragrant. Pure porcelain white, with deep center. In freedom of bloom this charming variety rivals the Polyanthas. Price, 50 cents per dozen; \$3 per hundred.

The Superb Blooming Rose,

Clothilde Soupert.

The Best Market Pot Rose.

This Rose originated with Messrs. Soupert & Notting, Luxembourg, Belgium. It is a strong, vigorous grower. The flowers are large, double, beautiful in form, with the style of the beautiful Rose, "Ball of Snow." The flowers are borne in sprays and the color blends from a soft shell pink to a pure satiny white. Roses with both of these colors are produced on the same plant at the same time. This Rose is destined to take high rank as a pot Rose, for bedding purposes, and with the increased taste for Roses in clustered sprays, will be profitable as a cut flower. No other Rose approaches it in flowering qualities, not even the grand old Hermosa. Price, 6c each; 50c per dozen; \$3 per hundred.

*The Charming
New Yellow Rose,*

MOSELLA.

*The Yellow
...Soupert.*

This splendid novelty is almost identical with that of the original Soupert, a cross of the Polyantha and the beautiful Tea Rose, Madame Falcot. It blooms in profuse clusters of three to five flowers, which are very double, ball shaped and open like a Camellia flower. The petals are tinted white, on beautiful light yellow ground extending to the middle of the petals. The plant is dwarf, bushy and free blooming. Offered for the first time this year. It is sure to be a popular companion to the original Clothilde Soupert. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

White Hermosa.

Clothilde Soupert.**The Beautiful Pink Soupert.**

This bright new Rose is a very free flowering variety, much resembling Hermosa, but more double and flowering more freely; it shows the Polyantha blood in the full cluster of bloom, and it will make a handsome contrast, bedded or grown with the C. Soupert. The flowers are not quite so large, full and handsome as our original Soupert, but fill a place because of their brightness and freedom. The habit of the plant is almost identical with C. Soupert. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

Tea Rose, Sunset.

It is a sport from that grand variety, Perle des Jardins, which it strongly resembles; perfumed. The color is a remarkable shade of rich golden amber, elegantly tinged and shaded with dark, ruddy copper, intensely beautiful and resembling in color a splendid "after glow." Price, 8 cents each; 60 cents per dozen; \$5 per hundred.

New Tea Rose, The Queen.

A most charming Tea Rose. The offspring of that fine old Rose, Souvenir d'un Amie, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely formed buds; is quite full, showing the center but slightly. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Tea Rose, Viscomtesse de Wautier.

Rosy yellow upon the exterior of the petals, rosy white in interior. The center is a dark rose, and this color is often lined into the lighter shades above, producing a charming effect. A grand Rose. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

Tea Rose, Professor Caniviat.

Vigorous in growth and free in bloom. Flower double and of good form, of the color of Souvenir Therese Levet. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

The Fine Ever-bloomer,**Marie Lambert, or White Hermosa.**

Pure white. It has been called the White Hermosa, as it resembles Hermosa in form and freedom of bloom, and is quite as valuable; for, though no claim has been made for it as a fancy Rose, its persistence in bloom will make it a very popular white variety for bedding or for pots. This Rose is fast becoming popular, as there is no better white Rose. It is the finest blooming white Rose we offer. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

Pernet's Triumph.

THE BEAUTIFUL NEW ROSE,
PERNET'S TRIUMPH.

THE FINEST ALL-ROUND
CRIMSON ROSE TO DATE.

Originated and sent out by Jean Pernet, one of the most celebrated Rose growers of France, who has already given us some very beautiful Roses, but considers this the triumph of his life (the name translated would read "Triumph of Father Pernet"), and besides his endorsement it has received the commendation of the highest European authorities, and as far as we can judge it is well worthy of them, and promises to be one of the very finest of the Hybrid Tea class. The flowers are extra large, having broad, thick petals and long, tapering buds, with delicious Tea fragrance. Color a fine, clear, magenta-red, sometimes passing to a bright crimson. Very striking and beautiful, and of such good substance that the flowers retain their beauty for a long time. Price, 60 cents per dozen; \$4 per hundred.

TEA ROSE, CHAS. LEGRADY

This splendid Rose has proven one of the most satisfactory for general planting. Here on our own grounds a bed of it always makes a grand display all Summer long. Magnificent, large buds, and flowers of great beauty. Color fine chamois-red, richly shaded with darkest crimson. This rich, unique coloring is one of its marked characteristics, and stamps it with a distinctive charm. The outer petals are grandly recurved, forming an excellent contrast to the Camellia-like inner petals. For smoothness, richness and finish this Rose is without a rival. Price, 50 cents per dozen; \$3.00 per hundred.

SENATOR M^CNAUGHTON.
(WHITE PERLE DES JARDINS.)

This fine white Rose originated with Mr. Jos. Bevis, of Philadelphia, as a sport from Perle, and is a grand variety. In foliage and growth it is identical with Perle; the flowers are of the same form and size, while the color is an ivory-white of great purity. This variety will prove invaluable to Rose growers, for it is of the same easy management as Perle, requiring the same temperature and treatment; and if there is a difference in freedom of bloom it is in favor of Senator McNaughton. Price, 60 cents per dozen; \$4.00 per hundred.

**SUPERB NEW SCARLET ROSE
CLIMBING WOOTON.**

This elegant new Climbing Hybrid Tea Rose is one which promises to be a prime favorite wherever introduced. Everything good that can be said of the grand Rose, Souvenir de Wooton, can be said of this Rose, and more too. The flowers are large and of a beautiful velvety-red color, and the perfume is elegant. Whether open, half open or in bud, the flowers are of fine shape. The flowers are borne at the terminus of long shoots, which render them especially good for cutting, much better, in fact, than the flowers of its parent, Souvenir de Wooton.

There is always a demand for a good, hardy Climbing Tea, inasmuch as there are exceedingly few to be had. This Rose we believe to possess a very considerable degree of hardiness, and should, with protection, stand the Winter almost anywhere. We consider this one of the best new Roses introduced for years, and as it can be planted out doors or in, doing equally well in either place, there is no question but that it will soon become immensely popular. Order a good plant now, so as to have the first one in your neighborhood. Price, 50 cents per dozen; \$3.00 per hundred.

Marie Van Houtte.

Of a fine, faultless, straw-yellow color, with the outer petals washed and outlined with a bright rosy-crimson; occasionally the whole flower will be suffused with light pink. It grows vigorously, blooms profusely, and is most deliciously scented; in cool weather it almost changes color, taking on gorgeous crimson tints. A beautiful and superb Rose. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

**Madame Welche.**

An extra fine variety, very large, double and of beautiful rounded form, a soft, pale yellow, sometimes cream, with short, inner petals of glowing orange and copper. Not to be forgotten if once seen. Price, 2½ inch pots, 6 cents each; 50 cents per dozen; \$3 red.

**Madame Welche.****Mme Schwaller.****Tea Rose,
Cornelia Cook.**

Old favorite. The buds are of immense size borne up high on massive stems, and with their round, full, heavy form carry an air of grace and dignity quite unusual. The flowers are of the clearest, snowiest white. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

**New Tea Rose,
Maurice Rouvier**

Flowers of enormous size and quite double; splendid form; color a soft, tender rose, shaded and variegated with red. Price, 6 cents each; 60 cents per dozen; \$3 per hundred.

Etoile De Lyon.

This is considered one of the finest yellow bedding Roses for outside planting; it is, moreover, one of the hardiest in the Tea section. It blooms freely, and every flower is a gem. It equals Marechal Niel in size, on strong bushes. A deep chrome-yellow. A remarkable Rose, deserving extensive culture. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

**Hybrid Tea Rose,
Madame Schwaller.**

Like Puritan, this Rose has the strong, firm growth of the Hybrid Perpetuals, the same form and finish of flowers, being especially beautiful when full blown. It is very free in bloom, and has the fragrance of the old June Roses. The color is a bright rosy flesh, paler at the base of the petals, and deepening at the edge. Apt to come in clusters, which are excellent for cutting. A Rose from which we hear very flattering reports from all directions. This grand Rose has more perfume than any that we offer. Try it, it is magnificent. Price, 6c each; 50c per dozen; \$3 per 100.

Hardy, Ever-Blooming Rose, MRS. DeGRAW.

Everyone wants a hardy, ever blooming Rose. From early Summer until frost it may be depended upon to produce flowers in abundance. In color it is a rich, glossy pink, delightfully fragrant, and is such a strong, vigorous grower that it is almost impregnable against attacks of the insects which usually destroy some of our finest Roses; thus it is certain to be unequalled for the garden or cemetery. A Royal Rose. It is a wonderfully prolific blooming variety. Every shoot is loaded with flowers. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

MADEMOISELLE CECILE BERTHOD.

Most beautiful, both in bud and flower, which is deep golden-yellow. In fact, the deepest yellow in color of any Rose we grow. The foliage is very bright. This is a Rose of magnificent size and color. We grow of this variety alone over 50,000, which is an evidence of how we prize it. Price, 50 cents per dozen; \$4 per hundred.

New Rose, THE RAINBOW.

This new Rose from California was awarded a silver cup by the State Floral Society. Color a lovely shade of deep coral-pink, striped and mottled in most unique manner with intense crimson, elegantly colored with rich, golden amber at the center of base of petals; makes beautiful buds; flowers extra large, sweet, and of great depth and substance. Price, 50 cents per dozen; \$3 per hundred.

New Tea Rose, FRANCISKA PRIES.

One of the most robust growing varieties among the Teas, not climbing, but making long and sturdy shoots. Flowers medium sized; color cream white, shaded with amber; exceedingly free blooming. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

New Tea Rose, COQUETTE DE LYON.

No Rose like it for freedom of bloom. The plant is a fine grower and carries numbers of flowers on every shoot. A fine yellow Rose, large, not at all formal, very attractive. Called the Yellow Hermosa from its free flowering character. 6c. each; 50c. per doz.; \$3 per 100.

White Tea Rose, MARIE GUILLOT.

Perfection in form: flowers large and double to the center. This variety holds first place among white Tea Roses in purity of color, depth of petals and queenliness in shape; grows well and is healthy. The best white Rose for general purposes grown. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

MLLE. FRANCISKA KRUGER.

The striking color of this handsome Rose places it at once in the front as a bud producer in the open air. It is closely allied to Catherine Mermet, and resembles it in everything save color. In its shading of deep coppery-yellow it stands unique and distinct from all others. The flower when open is of good size and very symmetrical. One of the finest Roses to plant in masses and clumps. Price, 50 cents per dozen; \$3 per hundred.

DUCHESS DE BRABANT.

A bright China Rose, with coppery-yellow center, ends of petals suffused with carmine. A charming, beautiful combination of coloring, as each color blends nicely with the other. This variety ranks with the best, and is a Rose of decided merit. Free bloomer, and in size and length of bud equal to the best Teas. Price, 50 cents per dozen; \$3 per hundred.

The Charming Yellow Tea Rose,

ISABELLA SPRUNT.

A bright canary-yellow, large, beautiful buds, suitable for cut flowers, a very sweet Tea scent, profuse bloomer. It is no doubt the freest blooming of all yellow Roses. This variety has been a favorite in all gardens where good yellow Roses are planted for the past 20 years. There are none better. Price, 10 cents each; large two-year-old plants, 50 cents per dozen; \$3 per hundred.

Marie Guillot.

JOSEPH METRAL.

This is a strong vigorous Rose, with fine, rich foliage. Flowers unusually large and of good form. Color magenta, passing to cerise-red, shaded with purple. Received two medals of merit. Price, 50 cents per dozen; \$3 per hundred.

MARECHAL NIEL.

A beautiful, deep sulphur-yellow, very full, large and exceedingly fragrant. It is the finest yellow Rose in existence. Price, two-and-a-half inch pots, 50 cents per dozen; \$4 per hundred.

NEW TEA ROSE.**Souv. de Lady Ashburton.**

Flowers grand size and quite double, very changeable in color, showing a great variety of shades—red, salmon, yellow, scarlet, sometimes combined and again as selfs. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

NEW TEA ROSE.**Madame Philemon Cochet.**

A very thrifty, strong-growing Tea Rose, producing cup-shaped flowers in the greatest profusion. Color rose, shaded with salmon, and suffused with a lighter shade. Price, two-and-a-half inch pots, 6 cents each; 50 cents per dozen; \$4 per hundred.

**Joseph Metral.****NEW TEA ROSE.****PRINCESS HOHENZOLLERN.**

The New Hardy Perpetual Blooming Climbing Rose.

Empress of China.

This remarkable new variety from China has been thoroughly tested, and its great excellence is guaranteed. Its valuable feature, apart from its entire hardiness, is its perpetual blooming. It commences to flower early in Summer, and from that time until late in the Fall blooms continuously. It is entirely hardy, having withstood a temperature of sixteen degrees below zero, unprotected and without injury. In habit of growth it is vigorous, and in this respect is unsurpassed; small pot plants will make a growth of 6 to 8 feet in a single season. The foliage and habit is not unlike Marechal Niel. The flowers are of medium size, very graceful in form, and highly fragrant. The bud is pointed and very shapely, and is borne on long, stiff stems. The color of the bud is a soft dark red, and as the flower expands changes to an apple blossom pink. Price, 50 cents per dozen; \$3.00 per hundred.

NOTE—It may be well to state here that in mentioning the number of leaves to each size, it has reference to embryo, not character leaves.
